INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Rêve Preparatory, Inc.
Houston, Texas

Report on the Financial Statements

We have audited the accompanying statement of financial position of Rêve Preparatory, Inc. as of June 30, 2020, and the related statements of activities, functional expenses and cash flows for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Rêve Preparatory, Inc. as of June 30, 2020, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

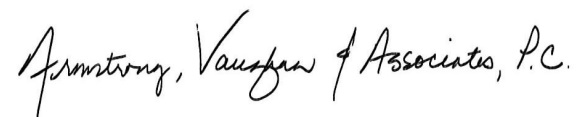

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The Supplementary Information (consisting of the schedule of expenses, schedule of capital assets and budgetary comparison schedule and notes) is presented for the purposes of additional analysis and is not a required part of the financial statements. The Supplementary Information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain other procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 22, 2020 on our consideration of Rêve Preparatory, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Rêve Preparatory, Inc.'s internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020

NOTE 1 -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

Rêve Preparatory, Inc. (“Rêve”) is a Texas nonprofit corporation that operates an open-enrollment charter school (Rêve Preparatory Charter School) in Houston, Texas. The State Board of Education of the State of Texas approved the open-enrollment charter, pursuant to Chapter 12 of the Texas Education Code (“TEC”). Rêve is governed by a Board of Directors consisting of no fewer than three members. The Board of Directors has the authority to make decisions, appoint the chief executive officer, and has the primary accountability for the fiscal affairs of the School.

Rêve receives the majority of its funding from the Texas Education Agency based on average daily attendance in the school it operates. Since this includes funding from local, state, and federal government sources, Rêve must comply with the requirements of the entities providing those funds.

Rêve does not currently conduct any non-charter activities.

Basis of Accounting and Presentation

The general-purpose financial statements of Rêve were prepared in conformity with accounting principles generally accepted in the United States. The *Financial Accounting Standards Board* is the accepted standard setting body for establishing not-for-profit accounting and financial reporting principles. The accompanying general-purpose financial statements have been prepared using the accrual basis of accounting in accordance with generally accepted accounting principles. Accordingly, revenues are recognized when earned and expenses are recognized when they are incurred.

Net assets and revenues, expenses, gains, and losses are classified based on the existence and nature or absence of donor-imposed restrictions. Accordingly, net assets of the organization and changes therein are classified and reported as follows:

Without Donor Restrictions – net assets that are not subject to grantor or donor-imposed stipulations.

With Donor Restrictions – net assets subject to grantor or donor-imposed stipulations that may be met either by actions of Rêve and/or passage of time or may be required to remain in perpetuity.

Cash and Cash Equivalents

For financial statement purposes, Rêve considers all highly liquid investment instruments with an original maturity of three months or less to be cash.

Contributions

Rêve accounts for contributions as with or without donor restrictions, depending on the existence and/or nature of any donor stipulations. Contributions that are restricted by the donor are reported as an increase in net assets with donor restrictions in the reporting period in which the support is recognized. When a restriction expires, net assets with restrictions are reclassified to net assets without restrictions and reported in the statement of activities as net assets released from restrictions. Promises to give are recognized when communication of the promise is made if the gift is unconditional. Conditional promises to give are not recognized until the conditions are met.

NOTE 1 -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT.)

Capital Assets

Capital assets are defined by Rêve as assets with a useful life greater than one year and an individual cost of more than \$5,000 or group purchases in excess of \$5,000. Such assets are recorded at historical cost (or fair value if donated) and are depreciated over the estimated useful lives of the assets using the straight-line method of depreciation. Useful lives are estimated to be 3-to-5 years for furniture and equipment. Leasehold improvements are amortized over the lesser of the life of the lease or the expected useful life. Current lease is for two years.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Functional Expenses

Rêve records expenses in accordance with the Texas Education Agency's chart of accounts outlined in the Financial Accountability System Resource Guide. Indirect expenses are generally recorded as administrative expenses. Administrative expenses include the office of the superintendent, legal and accounting fees. Personnel costs are allocated between the functions based on time spent on the underlying activities.

Income Taxes

Rêve Preparatory, Inc. is a not-for-profit organization exempt from federal income taxes pursuant to Section 501(c)(3) of the Internal Revenue Code, except to the extent that it has unrelated business income. As such, no provision for income taxes has been made in the financial statements. The organization is generally no longer subject to income tax examination by Federal authorities for years prior to June 30, 2017.

Subsequent Events

Subsequent events were considered through October 22, 2020, which is the date the financial statements were available to be issued.

Capital assets acquired with public funds received by Rêve for the operation of the open-enrollment charter school constitute public property pursuant to Charter 12 of the Texas Education Code. These assets are specifically identified on the Schedule of Capital Assets. Should the charter school be closed for any reason, these assets may revert to the Texas Education Agency. Depreciation expense was \$57,270 for the year ended June 30, 2020.

NOTE 4 -- PAYCHECK PROTECTION PROGRAM

Rêve received a forgivable loan through the Paycheck Protection Program from the United States Federal Government in the amount of \$96,800 to be used on payroll, rent and utilities. Management fully expects the loan to be forgiven and has elected to treat the program as a conditional grant, recognizing revenue as the conditions are met. For the year ended June 30, 2020, Rêve recognized \$88,330 in revenue based on expenses in accordance with the program through that date. The remaining \$8,470 will be recognized in future periods as conditions are met. Official forgiveness of the loan is expected in 2021. While remote, there is a chance the forgiveness will not occur and Rêve will be required to repay the loan over a two year period with 1% interest.

NOTE 5 -- NOTE PAYABLE

Rêve entered into a short-term note payable with a charter financing entity. The principal amount of \$35,000 matures in August 2020 and requires one debt service payment of \$36,135. The note is secured by a pledge of the Corporation's assets and receivables. The note was paid in full in August 2020.

NOTE 6 -- NET ASSETS WITH RESTRICTIONS

As of June 30, 2020, Rêve's net assets with donor restrictions consisted of the Foundation School Program from the State of Texas.

NOTE 7 -- PENSION PLAN OBLIGATION

The charter school contributes to the Teacher Retirement System of Texas (TRS), a cost-sharing multiple-employer defined benefit pension plan with one exception: all risks and costs are not shared by the charter school, but are the liability of the State of Texas. Charters are legally separate entities from the State and there is no withdrawal penalty for leaving TRS. TRS administers retirement and disability annuities, and death and survivor benefits to employees and beneficiaries of employees of the public school systems of Texas. It operates primarily under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government code, Title 8, Chapters 803 and 805, respectively. The Texas State Legislature has the authority to establish and amend benefit provisions of the pension plan and may, under certain circumstances, grant special authority to the TRS Board of Trustees. TRS issues a publicly available financial report that includes financial statements and required supplementary information for the defined benefit plan. That report may be obtained by writing to the TRS Communications Department, 1000 Red River Street, Austin, Texas 78701 or by calling the TRS Communications Department at 1-800-223-8778, or by downloading the report from the TRS website, www.trs.state.tx.us, under the TRS Publications Heading.

The plan financial statements for the year ending August 31, 2019 reported a plan net position of \$158 billion with a total pension liability of \$210 billion. Net position of the plan represented 75% of the total pension liability.

Contribution requirements are not actuarially determined but are established and amended by the Texas State Legislature. The state funding policy is as follows: (1) the state constitution requires the legislature to establish a member contribution rate of not less than 6.0% of the member's annual compensation and a state contribution rate of not less than 6.0% and not more than 10% of the aggregate annual compensation of all members of the system; (2) a state statute prohibits benefit improvements or contribution reductions if, as a result of a particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 1 year, the period would be increased by such action. The following table presents contribution rates and amounts:

2020	7.70%	7.50%	1.50%
<i>Amounts</i>			
2020	\$ 37,254	\$ 36,286	\$ 24,305

Rêve is required to contribute 1.5% of all covered salaries. Additional contributions are required for salaries funded through certain private and federal grants, new members, and salaries over the statutory minimum amount.

NOTE 8 -- RETIREE HEALTH PLAN – OTHER POST EMPLOYMENT BENEFIT

TRS also offers retiree health insurance, called TRS-Care, a cost-sharing multiple-employer defined benefit postemployment health care plan. Qualified retirees (and their dependents) receive health insurance paid for by the plan. The statutory authority for the program is Texas Insurance Code, Chapter 1575. The State, employees and employers contribute a portion of covered payroll.

The plan financial statements for the year ending August 31, 2019 reported a plan net position of \$1.3 billion with a total OPEB liability of \$49 billion. Net position of the plan represented 3% of the total OPEB liability.

Contribution requirements are not actuarially determined but are established each biennium by the Texas State Legislature. The Contribution rates and amounts were as follows:

Year Ending June 30,	Member	State	Employer
<i>Rates</i>			
2020	0.65%	1.25%	0.75%
<i>Amounts</i>			
2020	\$ 3,145	\$ 6,048	\$ 4,806

Rêve is required to contribute 0.75% of all covered salaries. Additional contributions are required for salaries funded through certain private and federal grants.

NOTE 9 -- BUILDING LEASE

In 2019, Rêve leased a school site for 2 years through July 31, 2021. Rêve has the option to renew the lease for another two-year term. Rental expense for the year ending June 30, 2020 related to the lease was \$146,668. Future minimum lease payments for the year ending June 30, 2021 are \$148,708.

NOTE 10 -- COMMITMENTS AND CONTINGENCIES

Rêve receives funds through state and federal programs that are governed by various statutes and regulations. State program funding is based primarily on student attendance data submitted to the Texas Education Agency and is subject to audit and adjustment. Expenses charged to federal programs are subject to audit and adjustment by the grantor agency. The programs administered by the charter school have complex compliance requirements, and should state or federal auditors discover areas of noncompliance, charter school funds may be subject to refund if so determined by the Texas Education Agency or the grantor agency.

NOTE 11 -- LIQUIDITY AND AVAILABILITY

Rêve is substantially supported by the State of Texas Foundation School Program (FSP) which is based on student enrollment. Most of the private philanthropy received is without restriction and can be used to support operations of the charter school. Thus, all of the current assets reported on the Statement of Financial Position are available to fund the operations of the School.

Deferred Grant Revenue	8,470
Note Payable	35,000
<i>Total Liabilities</i>	<u>94,044</u>
 <i>Available to Fund Operations</i>	 <u>\$ 302,494</u>

This represents almost three months of operating costs. In addition, an estimated FSP allotment of \$1.5 million will be available to fund the 2021 fiscal year. The Organization's goal is to build up over 60 days of cash. While this was not achieved in the first school year, management anticipates reaching this goal by the end of 2021 with economies of scale from increased enrollment.

NOTE 12 -- LITIGATION

Management is unaware of any pending or threatened litigation that would result in any significant financial impact.

RÊVE PREPARATORY, INC.
NOTES TO BUDGETARY COMPARISON SCHEDULE
FOR THE YEAR ENDED JUNE 30, 2020

BUDGETARY VARIANCES

The final budget in several functions changed more than 10% from the original budget. Because, this was the school's first year in operations, pupil projections were difficult. It was also difficult to anticipate the level of federal and private grants. As these grants were awarded during the year, budget amendments were made to appropriate those funds.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Rêve Preparatory, Inc. (Rêve)
Houston, Texas

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the combined financial statements of Rêve, which comprise the statement of financial position as of June 30, 2020, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements and have issued our report thereon dated October 22, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Rêve's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Rêve's internal control. Accordingly, we do not express an opinion on the effectiveness of Rêve's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Rêve Preparatory, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
